RECITALS

WHEREAS Sun wishes to license its Java™ technology, while maintaining compatibility among Java language based products; and

WHEREAS Sun wishes to protect and promote certain trademarks used in connection with Java technology; and

WHEREAS Licensee wishes to be able to test whether its products which implement certain Java specifications are compliant implementations of those specifications;

NOW THEREFORE, Sun and Licensee enter into this Agreement on the following terms.

1.2 *"Confidential Information"* means any information or materials marked or designated as confidential or proprietary by Sun or Licensee. 1.6 *"Java Environment(s) Specification"* means a Java Specification that defines a baseline API set that provides a foundation upon which applications and other Java Specifications can be built. For example, and not by way of limitation, Java Environment Specifications include (a) "Platform Editions" such as the Java 2 Platform, Standard Edition ("J2SE"), Java 2 Platform, Enterprise Edition ("J2EE") and Java 2 Micro Edition ("J2ME") Specifications, (b) "Configurations" such as the Connected Device ("CDC") and Connected Limited Device ("CLDC") Configurations, and (c) "Profiles" such as the Mobile Information Device ("MIDP") Profile.

1.9 *"Master Support Agreement"* or *"MSA"* means the separate agreement entered into by the parties that specifies the terms and conditions related to Sun's provision of support services concerning the TCK which, when executed, will be attached hereto for reference as Exhibit B.

1.10 *"Product(s)"* means a Licensee product which: (i) fully implements the Java Specification identified in Exhibit A including all its required interfaces and functionality; (ii) does not modify, subset, superset or otherwise extend the Licensor Name Space, or include any public or protected packages, classes, Java interfaces, fields, methods or constructors within the Licensor Name Space other than those required/authorized by the Specification or Specifications being implemented; (iii) passes the TCK (including satisfying the requirements of the applicable TCK Users Guide) for such Specification; and (iv) neither derives from nor includes any of Sun's source code or binary code materials

which implement any portion of the Java Specification, except with an appropriate and separate license from Sun, and excluding code contributed by Sun to the corresponding RI where Sun is not the licensor of the RI or code contributed by Sun to an open source project (e.g. Apache's "Tomcat" project) that is rightfully included in the product to be tested.

1.11 "*Reference Implementation*" or "*RI*" means the prototype or "proof of concept" implementation of the Specification developed and made available for license by or on behalf of the RI Provider.

1.12 "*RI Provider*" means the Java Community Process (JCP) member responsible under such process for licensing the Reference Implementation for JSR 168 (which is believed to be IBM).

1.13 "*Specification License*" means the license offered by Sun under certain of its Intellectual Property Rights to create an implementation of the Java Specification under certain restrictions and limitations, where such implementation neither derives from any of Sun's source code or binary code materials nor includes any of Sun's source code or binary code materials which implement any portion of the Java Specification, except with an appropriate and separate license from Sun, and excluding code contributed by Sun to the corresponding RI where Sun is not the licensor of the RI or code contributed by Sun to an open source project (e.g. Apache's "Tomcat" project) that is rightfully included in the product to be tested.

1.14 "*Sun License*" means a license agreement for the TCK from Sun in the form of: (i) a Technology License and Distribution Agreement; (ii) a Sun Community Source License Agreement; or (iii) an agreement substantially similar in form and content to this Stand-Alone TCK License Agreement.

1.15 "*Sun Licensee*" means a third party who is a party in good standing to a Sun License.

1.16 "*TCK Update*" means a release subsequent to the initial release of the TCK that tests against the same version of the Java Specification as does the most current preceding TCK.

1.17 "*Technology Compatibility Kit*" or "*TCK*" means the Documentation, Test Tools and Test Suite associated with the Java Specification that are provided by Sun (in its discretion) during the Term so that an implementer of that Specification may determine if its implementation is compliant.

1.18 "*Term*" means the term of the Agreement as specified in Section 10.1.

1.19 "*Test Reports*" means those reports generated by the TCK with respect to a particular Product which identify only configuration information and the successful status of individual or aggregate test executions.

1.20 "*Test Suite*" means the test suites associated with the Java Specification, as they may be revised by Sun during the Term.

1.21 "*Test Tools*" means the test harness and other testing or measurement tools associated with the Java Specification and specified in Exhibit B, as may be revised by Sun during the Term.

1.22 "*Trademark License*" means the separate agreement entered into by the parties that specifies the terms and conditions related to the use of trademarks, logos and branding in connection with Products, and when executed will be attached hereto for reference as Exhibit C.

2.0 LICENSE GRANTS

2.1 License Grant for the TCK.

(a) **Limited Grant.** Subject to and conditioned upon Licensee's having accepted and being bound by and in compliance with the Specification License and Licensee's compliance with the restrictions and obligations contained in this Agreement, and except as otherwise set forth in Exhibit A, Sun hereby grants to Licensee, to the extent of Sun's Intellectual Property Rights in the TCK(s), a worldwide, non-exclusive, non-transferable, limited license to use the TCK(s) solely for the purpose of developing and testing Products. No license is granted for any other purpose, including any of the activities described in Section 2.1(b).

The foregoing shall not be understood to require Licensee to include any particular "pass through" requirements in any license it grants concerning the redistribution of a Product with which the TCK licensed hereunder has been used. However, except with respect to downstream products developed and distributed by Licensee's licensees and sublicensees which incorporate, in whole or in part, Licensee's Product and themselves satisfy all the other requirements for a Product set forth in Section 1.10 of this Agreement, Licensee may neither: (a) grant or otherwise pass through to its licensees any licenses under Sun's applicable intellectual property rights granted hereunder; nor (b) authorize its licensees to make any claims concerning their implementation's compliance with the Specification in question.

(b) **Additional Limitations.** Except as otherwise set forth in Exhibit A, Licensee may not:

- (i) sublicense or distribute the TCK(s) to any third party;
- (ii) create derivative works of the TCK(s);
- (iii) disassemble or decompile binary portions of the Test Suite(s) or Test Tools or otherwise attempt to derive the source code from such portions;
- (iv) develop other test suites intended to validate compatibility with the Java Specification(s) to which the TCK(s) licensed hereunder corresponds;
- (v) test a third party's product, except that if Licensee is a Qualified Individual (as set forth in Exhibit A) it may test an implementation of the same Java Specification to which the TCK licensed hereunder corresponds when such implementation is developed by a Qualified Not-for-Profit (as set forth in Exhibit A) licensed pursuant to a Stand-Alone TCK License Agreement; or
- (vi) make claims of comparative compatibility or disclose information obtained from testing the Product against the TCK; provided, however, that with respect to a Product which Licensee has certified in accordance with Section 2.1(c) below, Licensee may disclose Test Reports.

For the avoidance of doubt, neither the affirmative statement “[name of Licensee’s] implementation of the [name of Specification in question] passed the TCK for [name of Specification in question]” nor the negative statement “[name of Licensee’s] implementation of the [name of Specification in question] did not pass the TCK for [name of Specification in question]” shall be understood to violate the limitation set forth in Section 2.1(b)(vi) above.

(c) **Testing.** When using the TCK, Licensee must use the most current TCK (including TCK Updates, if any) available from Sun under this Agreement 120 days before Licensee’s FCS of the Product; provided, however, that Licensee may use a more recent TCK (if made available by Sun). Licensee shall self-certify that its Product passes the applicable TCK as set forth above, if and when the Product in fact does so, provided that Sun may require Licensee to submit specific test documentation to an independent third party audit facility designated by Sun, for verification of proper compatibility testing, prior to FCS of any Product. Such audit shall be at Licensee's expense. Sun may publish or otherwise distribute such test results.

2.2 *Proprietary Rights Notices.* Licensee shall not remove any copyright notices, trademark notices or other proprietary legends of Sun or its suppliers contained on or in the TCK, and shall incorporate such notices in all copies it makes of any TCK. Licensee shall comply with all reasonable requests by Sun to include additional copyright or other proprietary rights notices of Sun or third parties from time to time.

2.3 *Ownership.* Licensee acknowledges and agrees that, as between Sun and Licensee, Sun owns all right, title and interest in and to the TCK, derivative works thereof and Intellectual Property Rights (excluding any pre-existing Intellectual Property Rights owned by Licensee) associated therewith.

2.4 *No Other Grant.* This Agreement does not grant to Licensee any right or license, under any Intellectual Property Rights of Sun or otherwise, except as expressly provided in this Section 2, and no other right or license is to be implied by or inferred from any provision of this Agreement or by the conduct of the parties.

3.0 SUPPORT AND UPGRADES

3.1 *Licensee Support and Upgrades.* Unless otherwise specified in a MSA executed by Sun and Licensee and attached hereto as Exhibit B, nothing in this Agreement shall obligate Sun to develop any subsequent release of the TCK or provide any technical support or other assistance concerning the TCK to Licensee or to any distributor or customer of Licensee for its Products; provided, however, that Sun shall make available to Licensee any TCK Updates to the TCK where such TCK Updates are made generally available by Sun.

4.0 PAYMENT

4.1 *License Fees.* Licensee shall pay to Sun the fees set forth in Exhibit A, if any, as set forth therein. Payments shall be sent to: Sun Microsystems, Inc., *Software Royalty Accounting Group*, PO Box 10903, Palo Alto CA 94303.

4.2 *Taxes.* All payments required by this Agreement shall be made in United States dollars, are exclusive of taxes, and Licensee agrees to bear and be responsible for the payment of all such taxes, including, but not limited to, all sales, use, rental receipt, personal property or other taxes and their equivalents which may be levied or assessed in connection with this Agreement (excluding only taxes based on Sun's net income). To the extent Licensee is required by local law to withhold taxes based upon Sun's income, Licensee may deduct from any payments to Sun any income tax or tax of a similar nature (including taxes based on net worth) imposed by any government ("Government Income Tax") and actually paid by Licensee for the account of Sun, to the extent such Government Income Tax does not exceed the appropriate withholding amount applicable under rele-

vant tax treaties and qualifies as a creditable foreign tax by the United States government. In the event that Licensee deducts any Government Income Tax from payments owed to Sun, Licensee shall furnish Sun with an official tax receipt or other evidence issued by the taxing authority suitable for Sun to obtain a tax credit in the United States.

5.0 NOTICE OF BREACH OR INFRINGEMENT

Each party shall notify the other immediately in writing when it becomes aware of any breach or violation of the terms of this Agreement, or when Licensee becomes aware of any potential or actual infringement by a third party of the TCK or Sun's Intellectual Property Rights therein. In addition, if Licensee executed this Agreement having the status of a Qualified Not-for-Profit or Qualified Individual (as set forth in Exhibit A) then if and when there is a material change in any factors relevant to determining that status -- for example, that Licensee has come under the effective control of a commercial entity as a result of a change in the membership of Licensee's Board of Directors or equivalent governing body -- Licensee shall notify Sun of the nature of the change(s).

6.0 LIMITED WARRANTY AND DISCLAIMER

6.1 *Limited Warranty.* Sun represents and warrants that the media, if any, on which the TCK are recorded will be free from defects in materials and workmanship for a period of ninety (90) days after delivery. Sun's sole liability with respect to breach of this warranty is to replace the defective media. Except as expressly provided in this Section 6.1, Sun provides the TCK to Licensee on an "AS IS" basis.

6.2 *General Disclaimer.* EXCEPT AS SPECIFIED IN THIS AGREEMENT, ALL OTHER REPRESENTATIONS AND WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT ARE HEREBY DISCLAIMED.

6.3 *High Risk Activities.* The TCK are not designed or intended for use in the design, construction, operation or maintenance of any nuclear facility. Sun disclaims any express or implied warranty of fitness for such uses.

6.4 *Limitation.* The limited warranty set forth in this Section 6.0 is expressly subject to Section 9.0 (Limitation of Liability).

7.0 CONFIDENTIAL INFORMATION

7.1 *Duty of Confidentiality.* Licensee will protect the TCK as Sun Confidential Information protected under this Section 7. A party receiving Confidential Information may not: (i) disclose Confidential Information to any third party, except that such party may

exchange comments or questions concerning its use of the TCK, but not the TCK itself, to a Sun Licensee of the same TCK that is licensed hereunder; or (ii) use Confidential Information except for the purpose of developing and testing Products. The receiving party will protect the confidentiality of Confidential Information to the same degree of care, but no less than reasonable care, as such party uses to protect its own Confidential Information. Obligations regarding Confidential Information will expire three (3) years from the date of receipt of the Confidential Information, except for source code, which will be protected by Licensee in perpetuity.

7.2 Exceptions. The obligations set forth in this Section 7 will not apply to any portion of Confidential Information which a receiving party can demonstrate: (a) through no act or failure to act on the part of the receiving party, is now or hereafter becomes, generally known in the software industry; (b) is hereafter rightfully furnished to the receiving party by a third party without restriction on disclosure; or (c) is independently developed by the receiving party without any use of Confidential Information.

8.0 LIMITED INDEMNITY

8.1 Pre-Release. The parties acknowledge that the TCK may be in pre-release form and that Sun shall not be liable for any defects or deficiencies in the TCK or in any Product, process or design created by, with or in connection with the TCK whether or not such defects and/or deficiencies are caused, in whole or in part, by defects or deficiencies in the design or implementation of the TCK. Upon FCS of the TCK by Sun, Sun will provide to Licensee a limited indemnity as described in Sections 8.2-8.3 below.

8.2 By Sun. Sun will defend, at its expense, any legal proceeding brought against Licensee, to the extent it is based on a claim that authorized use of the FCS or subsequent production version(s) of the TCK is an infringement of a third party trade secret or a copyright in a country that is a signatory to the Berne Convention, and will pay all damages awarded by a court of competent jurisdiction, or such settlement amount negotiated by Sun, attributable to such claim, provided that Licensee: (a) provides written notice of the claim and any such threatened claim promptly to Sun; (b) gives Sun sole control of the defense and settlement of the claim; (c) provides to Sun, at Sun's expense, all available information, assistance and authority to defend; and (d) has not compromised or settled such proceeding without Sun's prior written consent.

8.3 Exclusive Remedies. Should any FCS TCK or any portion thereof become, or in Sun's opinion be likely to become, the subject of a claim of infringement for which indemnity is provided under Section 8.2, Sun shall, in addition to the obligations specified in Section 8.2, as Licensee's sole and exclusive remedy, elect to: (a) obtain for Licensee the right to use such FCS TCK; (b) replace or modify the FCS TCK to become non-infringing; or if alternatives (a) or (b) are not commercially practicable in Sun's sole discretion, (c) accept

the return of the FCS TCK and grant Licensee a refund of any upfront license fee, if any, as depreciated on a five year straight-line basis.

8.4 *Disclaimer.* THIS SECTION 8 STATES THE ENTIRE LIABILITY OF SUN WITH RESPECT TO INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHTS BY THE TCK. SUN SHALL HAVE NO OTHER LIABILITY WITH RESPECT TO INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF ANY THIRD PARTY.

8.5 *By Licensee.* Except for claims for which Sun is obligated to indemnify Licensee under Section 8.2, Licensee shall defend, at Licensee's expense, any and all claims brought against Sun, and shall pay all damages awarded by a court of competent jurisdiction, or such settlement amount negotiated by Licensee, arising out of or in connection with Licensee's use of the TCK or use, reproduction, development or distribution of Product(s). Licensee's obligation to provide a defense under this Section 8.5 shall arise provided that Sun: (a) provides notice of the claim promptly to Licensee; (b) gives Licensee sole control of the defense and settlement of the claim; (c) provides to Licensee, at Licensee's expense, all available information, assistance and authority to defend; and (d) has not compromised or settled such proceeding without Licensee's prior written consent.

9.0 LIMITATION OF LIABILITY

Except for express undertakings to indemnify under this Agreement, violation of Sun's Intellectual Property Rights, or breach of Section 2.0 or 7.0: (a) each party's liability to the other for claims relating to this Agreement, whether for breach or in tort, shall be limited to the license fees paid by Licensee for the Technology related to the claims, if any (provided that this limit shall not apply to Licensee's obligation to make payments owed hereunder); (b) IN NO EVENT WILL EITHER PARTY BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT (INCLUDING LOSS OF PROFITS, USE, DATA, OR OTHER ECONOMIC ADVANTAGE), NO MATTER WHAT THEORY OF LIABILITY, EVEN IF EITHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OR PROBABILITY OF SUCH DAMAGES AND WHETHER OR NOT SUCH DAMAGES ARE FORSEEABLE; and (c) LIABILITY SHALL BE SO LIMITED AND EXCLUDED, EVEN IF ANY REMEDIES PROVIDED FOR IN THIS AGREEMENT FAIL OF THEIR ESSENTIAL PURPOSE. The provisions of this Section 9.0 allocate the risks under this Agreement between Sun and Licensee and the parties have relied upon the limitations set forth herein in determining whether to enter into this Agreement.

10.0 TERM AND TERMINATION

10.1 *Term.* The Term of this Agreement shall begin on the Effective Date and shall continue for a period of five (5) years unless terminated earlier as provided below. Thereafter, the Agreement shall automatically be extended for up to five (5) additional one (1) year terms unless either party provides written notice of its desire to terminate the Agreement to the other party at least thirty (30) days prior to the expiration of the then-current annual term. In addition, termination is permitted: (a) by either party for the other party's breach of this Agreement, upon thirty (30) days written notice to the other party and an opportunity to cure within such thirty (30) day period; (b) by Sun upon any action by Licensee alleging that use or distribution of the TCK or an implementation of the Java Specification by Sun or any of Sun's licensees of the TCK infringes a patent of Licensee; or (c) by Licensee, if Licensee entered into this Agreement as a Qualified Individual (as set forth in Exhibit A), upon prior written notice to Sun.

10.2 *Conversion of Status.* If Licensee entered into this Agreement as a Qualified Not-for-Profit or Qualified Individual (as set forth in Exhibit A) but at any subsequent time fails to satisfy any of the conditions that give rise to that status ("Conversion Date"), then Licensee shall pay to Sun any other fees that come due pursuant to Exhibit A, the Trademark License and the MSA for parties that are not Qualified Not-for-Profits or Qualified Individuals. For the avoidance of doubt, no such fees shall be due if Licensee entered into this Agreement as a Qualified Individual but later terminates this Agreement pursuant to Section 10.1.

10.3 *Effect of Expiration.* Upon expiration of this Agreement, Licensee shall be authorized to: (a) distribute Product(s) successfully self-certified against the version of the TCK licensed hereunder at the time of expiration, subject to Licensee's continued compliance with this Agreement including the payment of any applicable fees, and (b) retain one (1) copy of the TCK to support customers having copies of Product(s) distributed by Licensee prior to the expiration hereof. All other rights of Licensee shall terminate upon such expiration.

10.4 *Effect of Termination.* In the event of termination of this Agreement in accordance with Section 10.1 above, Licensee shall promptly: (a) return to Sun all copies of the TCK and other Confidential Information of Sun (collectively "Sun Property") in Licensee's possession or control; or (b) permanently destroy or disable all copies of the Sun Property remaining in Licensee's possession or control, except as specifically permitted in writing by Sun; and (c) upon Sun's request, provide Sun with a written statement certifying that Licensee has complied with the foregoing obligations. All rights and licenses granted to Licensee shall terminate upon such termination.

10.5 *No Liability for Expiration or Lawful Termination.* Neither party shall have the right to recover damages or to indemnification of any nature, whether by way of lost profits, expenditures for promotion, payment for goodwill or otherwise made in connection with the business contemplated by this Agreement, due to the expiration or permitted or lawful termination of this Agreement. EACH PARTY WAIVES AND RELEASES THE OTHER FROM ANY CLAIM TO COMPENSATION OR INDEMNITY FOR TERMINATION OF THE BUSINESS RELATIONSHIP CONTEMPLATED BY THIS AGREEMENT UNLESS TERMINATION IS IN MATERIAL BREACH OF THIS AGREEMENT.

10.6 *Non-Exclusive Rights.* The rights of Sun under this Section 10.0 are in addition to any other rights and remedies permitted by law or equity under this Agreement.

10.7 *Survival.* The parties' rights and obligations under Sections 2.0, 4.0, 7.0, 8.0, 9.0, 10.0, and 11.0 shall survive expiration or termination of this Agreement, except in the event of termination under Section 10.1, in which case Licensee's rights under Section 2.0 shall not survive.

10.8 *Irreparable Harm.* Licensee acknowledges that breach of Sections 2.0, 7.0, 11.5 and 11.8 would cause irreparable harm to Sun, the extent of which would be difficult to ascertain. Accordingly, Licensee agrees that, in addition to any other available remedies, Sun shall be entitled to obtain immediate injunctive relief in the event of a breach or threatened breach of such Sections.

Sun shall also be authorized to use Licensee's name in advertising, marketing collateral, and customer success stories prepared by or on behalf of Sun for such TCKs subject to prior approval by Licensee, such approval not to be unreasonably withheld or delayed.

11.3 *Waiver.* Any express waiver or failure to exercise promptly any right under this Agreement will not create a continuing waiver or any expectation of non-enforcement.

11.4 *Partial Invalidity.* If any of the above provisions are held to be in violation of applicable law, void, or unenforceable in any jurisdiction, then such provisions are herewith waived or amended to the extent necessary for the Agreement to be otherwise enforceable in such jurisdiction. However, if in Sun's opinion deletion or amendment of any provisions of the Agreement by operation of this paragraph unreasonably compromises the rights or increase the liabilities of Sun or its licensors, Sun reserves the right to terminate the Agreement.

11.5 *U.S. Government Restricted Rights.* If Licensee is licensing the TCK as or on behalf of the U.S. Government, the TCK shall be made subject to "Restricted Rights", as that term is defined in the Federal Acquisition Regulations ("FARs") in paragraph 52.227-19(c)(2), or its equivalent paragraph in the DOD Supplement to the FARs. 11.8 *Compliance with Laws.* The TCK, including technical data, is subject to United States export laws, including the U.S. Export Administration Act and its associated regulations, and may be subject to export or import laws or regulations in other countries. Licensee

agrees to comply strictly with all such laws and regulations including to obtain licenses to export, re-export or import the TCK or Products as may be required after delivery of the TCK to Licensee. Unless authorized by the United States government, Licensee will not directly or indirectly export or re-export the TCK or Products to any embargoed or restricted country identified in the United States export laws, including but not limited to the Export Administration Regulations (15 C.F.R. Parts 730-744). Licensee represents and warrants that it is not identified on any United States Government export exclusion lists. Licensee shall not use the TCK to test Products for nuclear, missile, chemical, or biological weaponry or other weapons of mass destruction to the extent prohibited by United States export laws. Licensee shall make reasonable efforts to notify and inform its employees and/or agents having access to the TCK of Licensee's obligation to comply with the requirements stated in this Section 11.8.

11.9 *Disclaimer of Agency.* The relationship created hereby is that of licensor and licensee. This Agreement is not intended to create a relationship such as a partnership, franchise, joint venture, agency, or employment relationship. Neither party may not act in a manner which expresses or implies a relationship other than that of independent contractor, nor bind the other party. Licensee hereby waives the benefit of any laws dealing with the establishment and regulation of franchises.

11.10 *Delivery.* As soon as practicable after the Effective Date, Sun shall deliver to Licensee one (1) copy of each of the deliverables set forth in Exhibit B. Licensee acknowledges that certain of the deliverables are in various stages of completion and agrees to accept the deliverables as and to the extent completed as of the date of delivery and "AS IS." In the event any deliverable is already in the possession or custody of Licensee, such item(s) shall, to the extent used in connection with the rights granted in Section 2.0 above, be subject to the terms of this Agreement, notwithstanding any pre-existing agreement or understanding between Licensee and Sun with respect to such items.

11.11 *Assignment.* This Agreement may not be assigned or transferred by either party without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed, except that Sun may assign or transfer this Agreement to a majority-owned subsidiary.

11.12 *Construction.* This Agreement has been negotiated by Sun and Licensee and by their respective counsel. This Agreement will be fairly interpreted in accordance with its terms and without any strict construction in favor of or against either party.
